

## **Senior Network Engineer**

The senior engineer will be responsible for working with our clients in fulfilling their networking needs. The engineer will be engaged in both long and short term projects and will be responsible for finding new projects. This requires excellent communication and interpersonal skills, 7+ years of experience with Microsoft Exchange, Cisco, and/or Citrix and the following certifications are preferred:

N+, MCSE, CNE, CCNA, CCA

Type: Full-time

Contact: [Info@panurgyvt.com](mailto:Info@panurgyvt.com)

## **Network Operations Coordinator**

The Network Operations Coordinator is responsible for all coordination and administrative duties for the Network engineering department. The main goal is to be the liaison between all service and networking customers on behalf of the company and communicate client needs to Panurgy's Solution Consultants and Project Engineers, as well as uncovering additional network services needs within the client base and new potential customers.

Type: Full-time

## **Certified Technical Trainer**

The Panurgy Learning Center provides quality technical training for Microsoft, Cisco, A+, N+, Web Technologies and other platforms and has a need for MCSE certified technical instructors. We are looking for dynamic technical instructors with 1- 2 years teaching or training experience, plus 1-year hands-on experience in advanced technologies.

You will be required to:

- Help build on-going relationships with students
- Stay current and knowledgeable in the IT industry
- Assist in the technology implementation of the local learning center office

Type: Part-time

Contact: [Info@panurgyvt.com](mailto:Info@panurgyvt.com)

## **PC Application Trainers**

The Panurgy Learning Center provides quality PC application training for Microsoft desktop products. We need experienced computer instructors to teach computer applications in our comfortable adult education environment in South Burlington as well as our client sites throughout Vermont. Experience in adult education with expertise in common software packages like: Word, Excel, Access, Web Design Packages and Desktop Publishing.

Type: Part-time

Contact: [Info@panurgyvt.com](mailto:Info@panurgyvt.com)

## **Professional Development Trainers**

The Panurgy Learning Center provides quality professional development training for Vermont businesses. We're looking for experienced professional development instructors to teach classes related to customer service, human resources, leadership and management, communication and more. The qualified candidate must be comfortable in an adult education environment and be available to travel to client sites throughout Vermont.

Type: Part-time
